It is an object of great importance and general desire that the system should prove of high public utility. Although the ends sought by it are of unquestionable value, the system introduced is necessarily an experiment, and its success depends largely upon the postmaster, and its success or failure in any locality will indicate the postmaster's official value."

fastest time ever made on the road, tak-
ing a special of several cars with railroad
officials from Cadillac to Manton on a
time order. It is said that the train
went so fast that it had the effect to make
the hair stand on the heads of those oc-
cupying the coaches.

A MILITARY CITY.

Progress of the Festivities at
Camp U. S. Grant—Man-
euvers of the Troops
—The Gossip.

The festivities at Camp U. S. Grant
yesterday closed with a camp fire last
evening and 10,000 people assembled on
the fair grounds to witness the stirring
scenes. From the grand stand Col. D.
N. Foster introduced Mayor Muhler,
who in a neat and hearty manner wel-
comed the veterans and soldiers to Fort
Wayne. He said he spoke for every
citizen and on their behalf tendered vis-
itors the freedom of Fort Wayne.

Major George, of Michigan, replied to
Mayor Muhler and did it nicely. De-
partment Commander Foster followed
him and made an entertaining address,
and Capt. F. F. Boltz, Adjutant David,
of Terre Haute, and others followed in a
pleasant vein.

Col. Jack Kensill sang "Marching
Through Georgia," "Army Beans" and
other popular selections in his pleasing
way, and Col. A. T. Lukens recited
"Barbara Fritchie" in a humorous style.
Thus ran the pleasures of the occasion
and at a late hour the camp adjourned.

THE PROGRAM TO-DAY.

At 5 o'clock this morning there was
reville and roll call, at 6 the veterans
ate breakfast and at 7 took their "qui-
nine." The other exercises, a little dam-
pened by the rain, consisted of guard
mounting, company and battalion drills,
with a dress parade this afternoon. There
are no festivities to-night, as the veterans
will witness the drama "Robert Emmet"
at Library hall.

GOVERNOR GRAY.

Yesterday Captain Allan Dougall re-
ceived information that Governor Gray
and staff would arrive in the city this
evening, on a special train, and Maj. J.
H. Rohan, First state militia; Col. John
W. Younge, Veteran association, and
Lieut. W. D. Lumbard, of the Jackson
Guards, were detailed to proceed to
Huntington on the 12 o'clock train to-
day to act as an escort to his excellency
and staff to this city.
Mayor C. F. Muhler went west this
afternoon to meet Governor Gray. Con-
gressman Lowry and a number of prom-
inent citizens will greet the distinguished
party at the south depot. Governor
Gray will be the guest of Mayor Muhler
and his staff will be entertained else-
where.

Arrangements are made by which
Governor Gray and staff, together with
the committee that goes to Huntington
to meet the honored gentlemen, will
take supper at the McKinnie house and
from there proceed to Library hall and
attend "Robert Emmet." Thirty-two
seats were reserved this afternoon at
Woodworth's drug store for the distin-
guished party.

THE INDUSTRIAL PARADE

will be the great feature to-morrow,
and will form on Berry street, west of Cal-
houn to Griffith, with right resting on
Wayne street. The troops will leave
camp at 1:30 p. m., then march east on
Washington to Fulton, north on Fulton
to Wayne, east on Wayne to Calhoun,
south on Calhoun to Lewis, east on Lew-
is to Lafayette, north on Lafayette to
Washington, east on Washington to
Clay, north on Clay to Berry, west on
Berry to Barr, north on Barr to Col-
umbia, west on Columbia to Calhoun,
south on Calhoun to Berry, west on Ber-
ry to Van Buren, south on Van Buren to
Wayne, west on Wayne to Rockhill,
south on Rockhill to Washington, and
west on Washington to U. S. Grant
camp.

The governor and staff, and Gen. S. S.
Burdette, national commander G. A. R.,
will review the troops and procession
from horseback at the corner of Berry
and Broadway.

NOTES.

The encampment managers may de-
cide to admit vehicles to the encamp-

ment grounds Monday, during the sham
battle.

General Blair, of Auburn, is at the en-
campment.

The hotels and city restaurants are do-
ing a big business.

Small crowd on the camp ground to-
day owing to the rain.

Military companies from Van Wert
came in this afternoon.

The registration of new comers for the
day amounted to 300 up to noon.

Several posts, headed by the Auburn,
Ind. brass band and drum corp, arrived
at 11:30.

Sixteen hundred soldiers were fed yes-
terday and 2,500 will sit to supper this
evening.

A post from Van Wert, Ohio, and
another from Toledo, Ohio, are expected
this evening.

There was a run away on the fair
grounds last evening. The frightened
horse did no damage.

Governor Gray will be accompanied
by Adjutant General Koontz and seven-
teen members of his staff.

Lew Daily post, of Bluffton, Ind., and
Plessinger's martial band will arrive to-
morrow on a special train.

Indianapolis light artillery are on the
grounds with battery and equipments.
They also have a gaiting gun.

Drunken women and the dance hall
annoy people. The police have to drive
lewd women from the grounds.

A convenient foot-bridge across the
river affords the thirsty soldier or civil-
ian an opportunity of slacking his thirst
at the "Last Place."

An officer of one of the Jackson com-
panies struck a man in the face with his
sword last night. The fellow was in-
truding on their camp.

The light-fingered gentry have shown
their handiwork. Several soldiers
and civilians had their pockets picked
during last night's performances.

Company D, 88th Indiana, held a re-
union this morning. Colonel Bryant
commanded this company and Capt.
Scott Swann and Adjutant Allen H.
Dougall were under him.

There will be no exercises at the en-
campment grounds to-night. All will
be given an opportunity to witness
"Robert Emmet." The play is for the
benefit of the G. A. R. Relief corp.

The throng was so great last night
that a company with charged bayonets
had to drive the crowd back. The spec-
tators threatened to run the whole camp
field while the sham battle progressed.

The seventy-fifth and 101st Indiana
infantry volunteers, old Grand Army or-
ganizations, have the sign of welcome
stretched to all visiting G. A. R. men,
with the motto, "We've been there.
Shake!"

Rain interfered with company drill and
the old veterans and soldiers principally
engaged in the mysteries of old sledge
euchre, etc. In some tents old army
songs were being rendered with the old-
time spirit.

"General Rosecrans expressed the
deepest regret to-night that the enforced
absence of his deputy made it impossible
for him to attend the soldiers' reunion
now in progress at Fort Wayne," says
the Washington correspondent of the
Indianapolis Sentinel.

The Fort Wayne Railroad Young Men's
Christian association cordially invites the
visiting veterans to visit their reading
rooms, 245 Calhoun street, during their
stay in our city. Free stationery is fur-
nished for correspondence and fourteen
daily papers from the leading cities
supply the current news.

Red Adams, the chief of confidence
men, is directing a gang of thieves between
Napoleon, Ohio, and Fort Wayne.
Adams was run out of Van Wert last
night. His men are slick and desperate.
Captain Diehl, Marshal Meyer and Sher-
iff Nelson, with their forces, are on duty,
but the "con" men are careful not to
venture near danger. The men are par-
ticularly bold on the Wabash road.

"A number of the old veterans of the
county have already gone to the Fort
Wayne reunion and more will go to-day,
to-morrow and Saturday. Yesterday
forty-five members of the Andrews post
accompanied by Bowles' famous string
band, were joined by probably twenty-
five comrades from other parts of the
county on their way to the encampment,
which is now in its glory," says the
Huntington Democrat.

A Child Almost Killed.

The little child of Thomas Shea, of
Chicago street, stumbled through a win-
dow on the second floor of its home and
fell to the sidewalk below, sustaining a
contusion of the brain and other injur-
ies that will prove fatal. The child was
thirteen months old.

wishes.

Mrs. Joseph Skelly, nee Miss Ella
Karpie, returned to her home at McKee-
port this morning, after a pleasant stay
at the home of her father, Mr. J. M.
Karpie, in this city.

KILLED AT HIS POST.

Frederick Schroeder Sustains
Fatal Injuries at the Olds
Wheel Works.

Frederick Schroeder was at his post in
the Olds wheel works yesterday. He was
a wood worker, and in some way the
machinery expelled the lumber violently
against Schroeder's body, bruising him
and crushing his chest so badly that he
died this morning. Mr. Schroeder lived
on South Calhoun street and has a wide
circle of friends to mourn his loss. He
scarcely spoke after the accident, which
frequently happens. Dr. J. M. Dinnen
will take official notice of the case as
coroner.

Mr. Schroeder is a brother of Patrol-
man Schroeder.

Masonic Mutual Benefit Society.

The Masonic mutual Benefit society,
of Indiana held its sixteenth annual
meeting at Masonic hall, Indianapolis,

efits paid during the year, \$207,000, and
during sixteen years past, \$741,737.96;
receipts during the year, \$306,675.22;
expenditures during the year, \$299,453.-
04. The secretary submitted his report,
showing a total membership of 10,300, a
net gain over last year of about 3 per
cent.; also stating the number of deaths
during the year to be 111. Before ad-
journing the society elected three direc-
tors to succeed A. D. Lynch and J. W.
Hess, of Indianapolis, and F. C. Buntin,
of Terre Haute. They were as follows:
A. P. Charles, Seymour; Robert Van Val-
zah, Terre Haute, and Martin H. Rice,
Indianapolis.

DYSPEPSIA

Digestion fits victims to be miserable, hopeless, confused, and depressed in mind, very irritable, languid, and drowsy. It is a disease which does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties willingly. Hood's Sarsaparilla has proven just the required remedy in hundreds of cases.

"I have taken Hood's Sarsaparilla for dyspepsia, from which I have suffered two years. I tried many other medicines, but none proved so satisfactory as Hood's Sarsaparilla." THOMAS COOK, Brush Electric Light Co., New York City.

"For the past two years I have been afflicted with severe headaches and dyspepsia. I was induced to try Hood's Sarsaparilla, and have found great relief. I cheerfully recommend it to all." Mrs. F. F. ANNABLE, New Haven, Conn.

who called that reunion received letters

including contributions for the monu-

CROOKED WORK.

The Residence of S. L. Morris
Burglarized. Officers Sheri-
dan and Owens
Tapped.

The Red Adams gang of thieves and
pickpockets abandoned all "railroad
work" Saturday and crowded into the
city. There were fifteen or twenty in
the party. The first raid on them was
Saturday afternoon, when Officers Kelly,
Deputy Sheriff Clausmeyer and Deputy
Marshal Patton and Officer Lapp arrest-
ed three thieves. One of them was in
the act of robbing a woman. The fel-
lows were armed and said they were rail-
road men. This ruse did not work and
at 9 o'clock Sunday night they sent for
S. L. Morris to secure them a trial. He
could not at that hour and the matter
went over until this morning.

Saturday night members of the same
gang entered the residence of Mr. Morris
and stole \$7 or \$8. His watch and valu-
able jewels were near the money, but
the burglars did not discover them.

Saturday evening a mob of thieves got
into the Aufrecht block and stole a gold
watch and chain and other gold jewelry
and articles of value from the back-
ward apartments that abound in the bar-
room-like row.

Francis Goodman's saloon, on West
Columbia street, was touched for a nice
sum of money Saturday. Two men su-

gaged Mr. Goodman in a back room
while their pals robbed his cash drawer.

Officer Owens arrested a thief at the
terminus of the west end street car
line, Saturday night. He put nippers
on the fellow and boarded a car with
him. His pals stopped the car, struck
the officer with a stone, cutting his scalp
and liberating the thief. When the
officer got up he could recognize none of
his assailants, whom he would have
killed on sight.

Officer Sheridan attempted the same
work at the south depot, and was
knocked down by friends of the prisoner,
who pulled him from the officer's grasp.
Mr. Sheridan fired three shots at his as-
sailant, but unfortunately did not kill
him.

Last night Capt. Diehl instructed his
men to put cold lead into the thieves at
the slightest provocation, but not an op-
portunity presented itself. At the de-
pot, where excursion trains were de-
parting, a few fights occurred, but the
police, assisted by the marshals and
deputy sheriffs, kept things straight. Ed
Clausmeyer arrested one fellow, who had
a "gun" and three big beer glasses in
his pockets. He was spoiling for a fight
at the Muncie depot.

THIEVES ON TRIAL.

John Doe, a slick looking rooster, was
arraigned before the mayor this morning
for robbing Goodman's saloon. He did
not give his right name, but is one of
the gang. He was ordered to jail in de-
fault of \$100 bail, and will be given a
hearing Thursday.

Jim Hughes and Jas. Stapleton were
arraigned before Justice Ryan. These
men are pickpockets, but say they can
give references from Kansas City. They
will have a chance to show them Thurs-
day. They are in jail in default of \$200
bail.

A SAD SUICIDE.

Mrs. Casper Rau Cuts Her Throat
and Dies in Great Agony.

Just before noon, Mrs. Casper Rau,
who lives at 229 East Washington street,
secreted in her room a knife, and with it
cut her throat from ear to ear as quickly
as members of her family left her pres-
ence. When discovered she lay in a pool
of blood, gasping for the last time, in
great agony. All efforts to unite the
severed parts were futile, and death soon
put an end to her life. Some months
ago the lady attempted to drown her-
self. She has been ill for a long time,
and disease debilitated her reason. Her
husband long drove a bakery wagon,
but now keeps a grocery store just op-
posite his home. Mrs. Rau has a daugh-
ter now in a critical condition, and
the knowledge of her mother's awful
death may kill her.

WANTS A HUSBAND.

Louis Yost Arrested at the In-
stance of Mary Raef.

Mary Raef, a rather plump and win-
some Frenchman, appeared before Justice
Ryan and charged Louis Yost, the
butcher, with responsibility of a deca-
dently parental nature. She says Yost
made love to her, and as a consequence
she is to become a mamma. She asks
her transient lover to do the right thing,
but he preferred to give bail and stand
trial. Mr. Yost is the successor to
Henry Linder, who kept a shop on South
Calloway street. The trial will test Mr.
Yost's guilt or innocence. If innocent
he will wed another girl.

A HORSE KILLED.

Joe Douglass the Hero of a Fatal
Collision.

Captain Conn, of the Elkhart battery,
brought here with him a fine saddle
horse. Joe Douglass, the South Cal-
loway street liquor man, rode the animal
west on Berry street last night at great
speed. Douglass did not notice the ap-
proach of a man driving a horse to a
light buckboard until the shaft struck
him on the knee and cut a deep wound.
The horse he rode stumbled forward at
the same moment and broke its neck.
The animal died in an instant, and Mr.
Douglass will pay its owner.

delighted with the implement.

Two Children Kill a Younger
Brother.

By Telegram to THE SENTINEL.
MONTGOMERY, Ala., Aug. 21.—A spe-
cial to the *Advertiser* from Talladega
says: George H. McConan killed and
dressed a pig for a barbecue last night.
His three children, aged eleven, nine
and four years, having seen the opera-
tion, tried to repeat it. Having no pig,
the two older children slaughtered the
younger, and were about to disembowel
it when their mother discovered the
horrible tragedy.

Frost in the Northwest.

By Telegram to THE SENTINEL.
ST. PAUL, Minn., Aug. 21.—The sig-
nal service here has advised which re-
ports that a killing frost occurred last
night over the greater portion of the
northwest territory, extending southward
to the northern part of Minnesota. The
temperature was 27 at St. Vincent just
before sunrise this morning.

Report says the frost is not likely to
extend very far south of St. Vincent.
The lowest temperature reported this
morning was 25 at Minnecola, in the
northwest territory.
The air in St. Paul is crisp and chilly,
but there was no frost. Visitors are
leaving the lakes in large parties to-day
for the south.

Investigating the Kansas City
Postoffice Building.

By Telegram to THE SENTINEL.
NEW YORK, Aug. 21.—A Washington
special to the *Sun* says the treasury
commission, which has been investigat-
ing the office of the supervising archi-
tects, has ordered the suspension of all
payments in the case of the new postoffice
building in Kansas City. At the last
session of congress \$20,000 was appro-
priated for the completion of the ap-
proaches to the building, for a clock and
for sewer connections. It now appears
that Supervising Architect Bell has
spent the whole \$20,000 and that only
\$1,400 of that sum had gone for any of
the objects embraced in the appropriation.
Eighteen thousand, six hundred
dollars has been spent for heavy marble
work within the postoffice, for which
there is no warrant in the appropria-
tion.

Mrs. Woodworth at Xenia.

Mrs. Woodworth, the trance evan-
gelist, including a great revival at Xenia
and hundreds going into the trance state.
The pavilion, together with fourteen
tents, which Mrs. Woodworth carries
about with her, is not used save in bad
weather. It is fashioned like a circus
tent and will accommodate about eight
hundred people. The husband of the
evangelist is of a thrifty turn, and while
the meetings are in progress he and two
assistants operate a peanut, candy and
ice cream stand within sixty feet of the
pavilion. The other day, as men and
women were shouting and going into
trances, old Woodworth sat beside an ice
cream freestone and cranked away uncon-

cernedly, preparing a supply of this pop-
ular refreshment for the weary, sin-sick
crowd. Sunday morning he was selling
cigars and plugging watermelons for the
million, and the nickels, dimes and quar-
ters flowed into his till in a steady stream
while his wife was laboring with care-
burdened sinners.

The Governor and Staff.

Governor I. P. Gray and his staff,
with the exception of three members,
left the city last night. Yesterday Mr.
J. H. Bass and H. J. Fisher drove Gov-
ernor Gray to the Brookside Farm,
where a brief stay was much enjoyed.
Later the governor was a caller at the
residence of Hon. Wm. Fleming. Hon.
Montgomery Hamilton entertained mem-
bers of the governor's staff, while his
excellency remained at Mayor Mullier's

A New Railroad Promised.

"Parties in this city are talking strong-
ly of building a road between Indian-
apolis and Fort Wayne, and it is said that
they have already interested the people
of nearly all of the large towns between
here and there in the project. Many of
the prominent citizens have signified
their willingness to lend the scheme
their support in a financial way. The
leading spirits in the enterprise are now
communicating with Boston capitalists,
from whom they expect a great deal,"
says the *Indianapolis Sentinel*.

The Jenny Light Wins.

At the last meeting of the board of
trustees of West Indianapolis the propo-
sition of the Jenny company was ac-
cepted, as THE SENTINEL intimated a
week ago it would be. The company
proposes to put up eighteen electric
lights and maintain them for one year
for \$2,800, the trustees having the privi-
lege of renewing the arrangement for
two years more. They also agree to es-
tablish a factory in the town for the
manufacture of electric apparatus and
forfeit the year's light rent if they fail.

East Bound Freight.

The shipments of flour, grain and pro-
visions from Chicago to eastern through
stations by the pool lines during the
week ending Saturday, Aug. 22, amount-
ed to 33,229 tons, against 20,710 tons
during the preceding week, an increase
of 12,519 tons. Shipments of flour in-
creased 251 tons, those of grain increas-
ed 10,144 tons, while those of provisions
increased 2,194 tons. The Pittsburg
road carried 4,700 and the Nickel Plate
5,363 tons. The Nickel Plate road is
accused of cutting rates, and figures are
given to prove it.

NEW ORLEANS, La., Aug. 21.—Noth-
ing for a long time has created so much
excitement here as the news of the ar-
rest in Emporia, Kas., of Mrs. Minnie
Wallace. Walkup for poisoning her hus-
band. The marriage took place just a
month to a day before the death of the
husband. Mr. Walkup had been a fam-
iliar figure on the streets of New Or-
leans. He was a Virginian, and a hand-
some, energetic man of considera-
ble wealth and ability. He was
about forty-five years of age and a
widower, with two daughters.
The youngest of his children, Miss Lal-
lie, is a year older than the wife he re-
cently married. Minnie Wallace Walkup
is seventeen years old. Her father is
James E. Wallace, formerly United
States' commissioner. The wedding
took place at Corrington, Ky., July 22,
and was a brilliant affair. The bride
and groom seemed very happy, and left
for Niagara Falls, making a short
trip and then going direct to the
home of the groom, at Emporia.
From her letters Mrs. Walkup
seemed to be living a happy
life, with no wants unprovided.
Her last letter, received five days ago,
said Mr. Walkup was going on a short
trip on business, and she was to go along.
Her friends say that the purchase by
Mrs. Walkup of arsenic may be ac-
counted for by the fact that she was al-
llicted to the use of the drug for her
complexion.

CHOLERA is rapidly moving westward and will soon appear in this country.

In order to prevent disastrous effects from its ravages every preventive should be employed, and the system should be in perfect condition. At this season of the year the system is in a weak state and easily susceptible to dangerous disease. Pain in the back, weariness, lassitude, headache, dyspepsia, indigestion, kidney and liver complaints are but the result of neglect. During the last visitation of cholera to this country no medicine was found equal to Mischler's Herb Bitters, both as a preventive and cure, and it has been equally successful in all the diseases above mentioned. It renews and invigorates the blood, restoring to health and strength, and thus shielding the system from disease.

Ask your druggist for Mischler's Herb Bitters. If he does not keep it, do not take anything else, but send a postal card to Mischler's Herb Bitters Co., 26 Commerce Street, Philadelphia.

OFFICIAL PAPER COUNTY AND CITY.

MONDAY, AUG. 21, 1887.

Pittsburgh builders have just completed a steel stern-wheel steamboat intended for navigating the Aguan river in Honduras. The craft is 110 feet long, and draws but eighteen inches of water. She will fill an important place in developing what is believed to be an exceedingly fertile region.

In Paris it is now as easy to discern an engaged man and one who is not as it is to tell by the solitary diamond ring that a girl wears on her wedding ring finger that she has been espoused. The way it is done in Paris is for the man to wear a small pearl heart hanging loose from his vest but to hold a delicate Venetian chain.

CHICAGO Current: It is believed that without steam-power London could not exist over a week. The astonishing increase of population and the danger of a stoppage of food supplies, through the outbreak of war, present questions which are now under discussion by the learned societies of the metropolis. Great towns are safer than they used to be, however. Napoleon never burned a city; Bismarck's generals spared Paris. The Alexandrian horror stands almost alone in modern old-world history.

The largest farm in the world is in Canada. This is the "Bell Farm" belonging to the Qu'Appelle River Farming Company. This farm consists of 54,000 acres, of which some 13,000 acres are under close cultivation. The average yield of the whole 13,000 acres is twenty-five to thirty bushels of wheat per acre. On one of the best sections of 1,000 acres the yield is 35,000 bushels of wheat. Every 200 acres has upon it a cottage with a man living in it rent free, having charge of three horses.

Or the twenty-two pall-bearers at Abraham Lincoln's funeral, only seven are alive. The seven are: Gen. Simon Cameron, Elihu B. Washburne, Col. H. G. Worthington, the Rev. Green Clay Smith, Alexander H. Coffroth, Henry L. Dawes, and John Conness. The dead pall-bearers are: Lafayette S. Foster, Edwin D. Morgan, Reverend Johnson, Richard Yates, Ben F. Wade, Schuyler Colfax, Gen. U. S. Grant, Gen. Henry Wagner, Hallock, Gen. W. A. Nichols, Admiral David G. Farragut, Admiral W. B. Shufeldt, Col. Jacob Zeller, Orville H. Browning, Thomas Corwin, and George Johnson.

Chicago Inter Ocean: A man who has for years run a banana wagon concluded to take advantage of the West Side strike, and rigged up his vehicle for the accommodation of passengers. He soon got a partial load and started west, expecting to fill up after crossing the Madison street bridge. At Jefferson street he horrified the lady passengers by shouting at the top of his voice: "Bananas! Bananas! Twelve for 25 cents." Before he had time to change his call the ladies concluded that the walking was good on the West Side, and left the wagon. Habit sometimes runs a man.

An entirely new kind of bank note printed in colors instead of the black and white of the Bank of England notes is being prepared for issue by the Bank of Scotland. The promise to pay in the body of the note is surrounded on two of its sides by a broad ornamental band, and on the other two sides by a border in which the value of the note is printed a great number of times. On one border the seal and counter seal of King William III, of Scotland, are printed in brown on a yellow ground, and between them are the royal arms on a blue ground. On the upper border are the arms of the bank in brown on a yellow ground, with the date of the establishment of the bank, 1695. The chief novelty of the new note is its color, which will, of course, make reproduction by photography impossible, and it is believed, will prevent forgery. The paper on which the new note is printed is made by the same firm as produces the Bank of England note paper.

A CORRESPONDENT writes to the London Papermakers' Circular: "I recently saw some paper which had been printed on as long ago as 1153, and was surprised with its excellent quality. I imagined that papers were made at the present day in every way superior to those made so long ago; but after a particular inspection of the leaves of these books I have been a good deal staggered in my opinion. I found the paper made about four hundred years ago in the most perfect condition, strong, flexible, of a pearly white color, and on looking through it is seen a water mark, beautiful for its cleanliness and delicacy. The paper is as white as can be desired, and has, as already stated, a pearly surface, such as is not seen now. The question is, will a modern hand-made paper stand the test of an age of 400 years with equal results? I think not. There always is used more or less chloride of lime for bleaching the fibre to a white color. It has been proved that the influence exercised by this agent exists after the pulp is made into paper, however thoroughly it may be supposed to have been washed out. The action of this chemical is to make the paper get hard and brittle with age."

The history of France is full of romance, and the history of Mischler's herb bitters is full of facts. These facts consist of the wonderful cures that have been wrought by the bitters in kidney and liver troubles, catarrhs, dyspepsia, sick headache, and dozens of other complaints. I. C. Story, of Zanesville, O., had chronic rheumatism for many years. He purchased two bottles of this great preparation, and after using them pronounced himself entirely cured.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays a pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

Hot Sporting Men Help On.

When Lewis R. Holbrook, the South Carolina moonshiner, cornered, after eight years eluding the government officials, was asked to surrender, he exclaimed:

"Never, to men who fire at my back."

Before he was taken, five bullets had gone clean through him, but strange to relate, he got well, in the hands of a rude backwoods nurse.

By the way, if Garfield had been in the hands of a backwoods nurse, he might have lived. A heap of volunteer testimony against the infallibility of the physicians has been accumulating of late, and people are encouraged to do their own doctoring more and more. It is cheaper and quite as certain.

Before Detective Curtis, of Buffalo, caught Tom Ballard he "covered" him with his revolver. Tom saw the point and tumbled!

Joe Goss was "covered" a few weeks ago and he tumbled, and so did Dan Mace. Death "fetched em" with that dreaded weapon—kidney disease. But they should have been lively and drawn first. They could easily have disarmed the monster had they covered him with that dead shot—Warner's safe cure, which, drawn promptly, always takes the prey. It is doubtless true that sporting men dread their enemy more than any member of their profession, and presumably this explains why they are as a rule so partial to that celebrated "dead shot."

Holbrook was right. No man should surrender when attacked in the back, should "draw," face about and proceed to the defence, for such attacks, so common among all classes, will fetch a man every time unless "covered" by that wonderfully successful "dead shot,"—Sportsman's News.

Frightful Case Of a Colored Man!

I contracted a fearful case of blood poison in 1881. I was treated by some of the best physicians in Atlanta. They tried the old remedies of mercury and iodine, which brought on rheumatism and impaired my digestive organs. Every joint in me was swollen and full of pain. I was in a horrible condition when I had been out of bed for several months. I had seen the workings of the medicine in other cases, though I would be a splendid time to test the virtues of Swift's Specific. When I commenced taking S. S. S. the physician said I could not live two weeks under the ordinary treatment. He commenced to give me the medicine strictly according to directions, which I took for several months. I took nothing else, and commenced to improve from the first. I occasionally would have a backward from impatience. Soon rheumatism left me, and the itching all right, and the ulcers, which the doctor said were the most frightful he had ever seen, began to heal, and by the first of October, 1881, I was a well man again. I am stronger now than I ever was before, and weigh more. I have not failed to report for duty since that time, being engaged in the oil warehouse of Chesley & Company. I have been, and still am, doing as well as the hardest work any man ever did, and am ready to answer any question that may be asked concerning this cure. Swift's Specific has saved me from an early grave.

JOHN McCLENDON.
Atlanta, Ga., April 18, 1885.

John McCleendon has been in the employ of the Chesley & Company for some years, and I know the above statement to be true. At the time he began taking Swift's Specific he was in a horrible condition, and at my solicitation I had him treated with S. S. S. I was mistaken as a physician after several others had declared his case to be hopelessly incurable. He took nothing but S. S. S., and has been as good as a new dollar for several months. I regard his cure almost miraculous.

CAUTION!

Customers should not confuse our Specific with the numerous imitations, substitutes, potash and mercury mixtures, which are gotten up to sell, not on their merit, but on the merit of our remedy. An imitation is always a fraud and a cheat, and they do not only as they can steal from the article imitated. Beware of all druggists. Treatise on blood and skin diseases mailed free.
